Re: Internal Affairs Annual Report

The following is the statistical analysis for AIC numbers issued for calendar year 2015:

Numbers issued	63
Agency Head Discipline	8
Reprimands	13
Documentation of Conference	3
Unfounded	18
Commendations/Awards	0
Exonerated	8
Exceptionally Cleared	0
Not Guilty by the Chief	1
Injury Reports	6
Inquiry Only	3
Policy Change	1

It should be noted that one employee resigned while under investigation and prior to the internal affairs investigation being completed. Also, one internal investigation from 12/27/15 is still open.

External Complaints	18
Internal Complaints	45

Of the External Complaints one case involved a citizen complaint where 5 separate officers were involved. This generated 5 separate Internal Affairs numbers being issued, and counts for 5 of the external complaints.

These totals are in the range of totals from recent, previous years. At this time I see no trends or particular problem areas that need to be addressed involving internal affairs.
