

FEBRUARY 2024 Week 5th -9th

Executive Summary

The City of Waycross is integrating and training staff to enhance customer service and increase capability, while collecting and utilizing data driven analytics to drive future decision making. Additionally, the city is reassessing all procedures, processes, and programs to ensure proficiency & compliance and is adequately postured to better serve the community.

The City of Waycross is reevaluating the Capital Improvement plan to ensure it better aligns with the Operating budget to meet future requirements and deliverables as outlined in the Strategic Business Plan (working). Additionally, the Commission's priorities are to ensure safety, create a prosperous business climate, and to govern with transparency and effective communication.

Job Growth Explodes in January

U.S. employers added 353,000 new jobs in January, much more than expected, according to the <u>latest employment</u> report from the U.S. Bureau of <u>Labor Statistics</u>. Job gains occurred in professional and business services, health care, and retail trade.

The unemployment rate held at 3.7 percent. It ranged from 3.4 percent to 3.8 percent during 2023 and has stayed under 4 percent for the past 24 months. Average hourly earnings rose 0.6 percent on the month and were up 4.5 percent from a year ago.

The report is further evidence that the labor market remains healthy. Earlier this week, the Department of Labor reported <u>9 million job openings in December</u>, or 1.4 positions for every unemployed person.

T-SPLOST & SPLOST

Waycross & Ware County 2024 T-SPLOST Proposal

What is a Single County T-SPLOST?

A Special Purpose Local
 Option Sales Tax (SPLOST) is a
 sale tax used to fund capital
 projects proposed by the
 county and city governments.
 The Transportation
 Investment Act (TIA) or T SPLOST is a regional sales tax
 for transportation purposes
 ONLY.

 100% of the funds that are collected by this initiative will be spent on transportation projects in THIS COMMUNITY.

How much money will be raised with a Single County

T-SPLOST?

 Assuming the max rate of 1.0% is leveraged for 5 years, it is projected that Waycross and Ware County will generate approximately \$45 Million from April 2024 to March 2029.

• These funds will be shared equally (50/50) between Ware County and the City of Waycross.

How can the money be spent?

Funds can only be spent on transportation purposes, which is defined in O.C.G.A. Section 48-8-260(5) as:

"...the tax are to be used in whole or part for capital outlay projects consisting of road, street, and bridge purposes, then authorized uses of the tax proceeds shall include: (A) Acquisition of rights of way for roads, streets, bridges, sidewalks, and bicycle paths; (B) Construction of roads, streets, bridges, sidewalks, and bicycle paths; (C) Renovation

and improvement of roads, streets, bridges, sidewalks, and bicycle paths, including resurfacing; (D) Relocation of utilities for roads, streets, bridges, sidewalks, and bicycle paths; (E) Improvement of surface water drainage from roads, streets, bridges, sidewalks, and bicycle paths; and (F) Patching, leveling, milling, widening, shoulder preparation, culvert repair, and other repairs necessary for the preservation of roads, streets, bridges, sidewalks, and bicycle paths..."

Note: A minimum of 30% of revenue generated must be consistent with the Statewide Strategic Transportation Plan.

Public Works City Services

Sanitation Services

Garbage: Only the rollout may be used for disposal of residential garbage. If one container is not sufficient, the city will provide an additional container for residential, \$6.99, and commercial, \$11.13. Your container must be curbside the evening before your collection day. After the collection, the emptied container must then be removed from the curbside and returned to your storage area. Call City Hall at 912-287-2900.

Yard Trash: Yard trash should be placed on the curb or city right of way in one large pile (not on the street). Your yard trash must be ready for collection by 7:00 AM on your collection day. Limbs should be cut in 8-foot lengths and be no larger than 8 inches in diameter. Tree removal will not be collected; this includes limbs, tree trunks, stumps, or stump grindings. Do not place yard trash next to any immobile objects such as light poles, mailboxes, cars, etc. For further information, call the Public Works office at 912-287-2955.

Household Special Pickups: This refers to the removal of large bulky items such as appliances, mattresses, furniture, carpet, and other household items. Customers may call weekly by Thursday at noon to schedule a pickup of five items or fewer. Collections are Friday of each week. Call the Public Works office at 912-287- 2955 to schedule your pickup.

More than 5 Item Household Collections: Customers having larger loads may call and request a special pickup. A special pickup fee of: ¼ load \$36.23, ½ load \$77.63, and full load \$155.25 must be paid in advance to City Hall. You will then be issued a pickup date on Tuesday or Friday. Call the Public Works office at 287-2955 to schedule a pickup.

2023 milestones

The last twelve months have been busy, with the paving of Albany Avenue from Plant Avenue to Waller Street, the city installed 81 new water services, 3 new fire hydrants and approximately 6,083 linear feet of mains. The sanitary sewer portion of the project called for the re-establishment of 49 sewer services, 45 new sewer services and 3,270 linear feet of sewer mains. The Albany Avenue Resurfacing Project was completed June 7, 2023.

Our current project underway includes the paving of Jane Street, N. Crawford Street, Beville Street, Hanover Drive and Richmond Avenue. During the execution of this project, the city installed 114 new water services, 1 new fire hydrant and installed 950 linear feet of water main.

The City Roadbotics Evaluation was completed to determine the ranking of all city streets. The city has 382 streets that were reviewed by the program using various criteria. The commission decided to use the 70% - 30% (Roadbotics ranking/GDOT utilization assessment) rule to determine the paving needs at this time. The City will use the top 20 list to begin street & drainage improvements to be paid for with funding from TSPLOST, Stormwater Fund and the Water & Sewer Fund. Utilities will be upgraded as needed. The unpaved street list was prioritized as well, based on utilization (the number of houses facing the street, traffic, facilities, etc.). Paving of these roads is scheduled to begin in February.

The Infrastructure Crew replaced storm drain-pipe on Senate Street, Toomer Street, McDonald Street, Baltimore Avenue and Perham Street. Storm drain-pipe was also replaced at the intersections of Lee & Fireman and Eastover & Spurgeon. In total, 1,007 feet of storm drain-pipe has been replaced. The current on Perham Street and Carwell Avenue is being delayed due to a water main conflict. The City is working to resolve the issue and should be back on the project by January 16, 2024.
